

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicants: J.E. Sealey II et al.

Attorney Docket No.: 23441B

Application No.: 09/975,670

Group Art Unit: 1774

Filed: October 10, 2001

Title: PROCESS FOR MAKING A COMPOSITION FOR CONVERSION TO  
LYOCELL FIBER FROM ALKALINE PULP HAVING LOW AVERAGE  
DEGREE OF POLYMERIZATION VALUES

1774  
RECEIVED  
FEB 11 2002  
TC 1700

INFORMATION DISCLOSURE STATEMENT

Seattle, Washington 98101

TO THE COMMISSIONER FOR PATENTS:

Applicants are aware of the information listed in the attached form that may be material to the prosecution of the above-identified patent application.

1. X This application relies, under 35 U.S.C. § 120, on the earlier filing date of prior Application No. 09/574,538, filed May 18, 2000. The majority of the references listed on the attached form were submitted to and/or cited by the Patent and Trademark Office in this prior application and, therefore, are not required to be provided in this application. Copies of references U10, U12, U23, U24, U25, U26, U28, U29, U34, U38, U57, U58, U59, U90, U91, U96, U101, U102, U104, U106, U109, U110, U111, F1, O1, O5, O8, O12, O19, and O29 which were not previously provided, are included for the Examiner's convenience.
2. X Pursuant to 37 C.F.R. § 1.97(b), this Information Disclosure Statement is being filed within three months of the filing date of the national application (other than a CPA), within three months of the date of entry of the national stage as set forth in 37 C.F.R. § 1.491 in an international application, before the mailing date of a first Office Action on the merits, or before the mailing date of a first Office Action after the filing of an RCE.

Respectfully submitted,

CHRISTENSEN O'CONNOR  
JOHNSON KINDNESS<sup>PLLC</sup>
